Thanks Ray.

Hey Keith – is this something you'd be willing to share. Would be most appreciated.

Thanks,

- Richard

Hi Richard,

We do have a SAP (Soil Sampling and Analysis Plan). You should ask Keith.

Cheers, Ray

Hey Ray. A question has come up within the EPA team that's involved with the current issues surrounding the glass manufacturers, and that is, did you guys have a sampling plan and/or Quality Assurance Plan you can share for the soil sampling you did? Should I ask this of Keith?

Thanks,

Richard
